

August 15<sup>th</sup>, 2025

Dear Mayor West, City Council Members and Mr. Manager;

For the last year, [The Chesapeake Alliance](#) has been reviewing and discussing the Greenbrier Area Plan.

Many of our [Members](#) participated in stakeholder meetings and community meetings during the development process.

Members of our Greenbrier Task Group recently met with Jimmy McNamara, Planning Director, to review the current draft of the plan.

We would like to congratulate Mr. McNamara and the Planning Department Staff on all their hard work in developing a plan that we believe will serve as a valuable strategic guide for future development in the Greenbrier area.

We are excited about a plan designed to maintain Greenbrier's economic advantage in the region, while also attracting new businesses and residents, and improving traffic flow.

It is our understanding that the Greenbrier Area Plan will be presented to you at the upcoming City Council Meeting, on Tuesday, August 19<sup>th</sup>.

Please note that The Chesapeake Alliance is in **full support** of the plan.

We stand by to assist the City in any way in the implementation of the plan.

Sincerely,

David K. Ropp, Chairman  
The Chesapeake Alliance
